SCANDINAVIAN JOURNAL OF UROLOGY

Dear members of Scandinavian Association of Urology,

Below is a list of articles published in Scand J Urol during the last six months.

We are very happy to announce that the most recent Impact factor for Scand J Urol is 2.8 i.e. for 2025, up from 2.1 for 2024 and 1.4 for 2023.

Pär Stattin

Editor-in-Chief *Scand J Urol*

For the editorial board

Peter Boström Turku, Ralph Peeker, Göteborg, Viktor Berge Oslo, Lars Lund Odense, Eugenio Ventimiglia Milan/Uppsala, and Henriette Veiby Holm Oslo

Publications in the last six months

No urethral recurrences in complete responders after neoadjuvant chemotherapy and cystectomy for muscle-invasive bladder cancer

Sofia Lingefelt, Viktor Nystrand, Farhood Alamdari, Johan Svensson, Amir Sherif

Lifestyle, anthropometric factors and clinically significant prostate cancer diagnosis in men with suspected prostate cancer

Elja Heiskanen, Sofia Kalinen, Rui Jian Chu, Mikael Högerman, Tarja Lamminen, Pekka Taimen, Ivan Jambor, Hannu Aronen, Harri Merisaari, Teija Sainio, Antti Hakanen, Otto Ettala, Kirsi Laitinen, Tommi Vasankari, Teemu Kallonen, Peter J. Boström

All cause 90-day mortality associated with TUR-P procedure: a Swedish quality register-based study (2013–2022)

Vachik Petrosyan, Maria Cronhjort, Johanna Albert, Truls Gårdemark, Jan Jakobsson

Nationwide trends in urolithiasis and stone procedures in Iceland

Bragi Aðalsteinsson, Edward Rumba, Jóhann Páll Ingimarsson

Comparative analysis of surgical outcomes: open versus robot-assisted radical prostatectomy

Rikke Groth Olsen, Klaus Brasso, Andreas Røder, Lars Konge, Flemming Bjerrum, Hein Vincent Stroomberg

Validation of the Stockholm3 test for prostate cancer detection in a nationwide Finnish private primary care cohort

Henrikki Santti, Mika Matikainen, Kristina Hotakainen

Early intradetrusor injection of Onabotulinumtoxin A in patients with subacute spinal cord injury: The SCIBOT study

Ole Jacob Nilsen, Thomas Glott, Henriette Veiby Holm, Célia Duarte Cruz, Lars Frich

Letter to the Editor regarding 'Histopathological assessment practices in adult male circumcision and detection of lichen sclerosus: a retrospective single-centre study'

Ahmet Murat Bayraktar

Detection of prostate cancer by magnetic resonance imaging before biopsy – real-world evidence from a nationwide cohort study

Amalie H Simoni, Anne Ording, Jakob N. Hedegaard, Michael Borre, Søren P. Johnsen, Henrik Møller

Paediatric stone treatment in the Nordic countries – a multicentre study from the Scandinavian Collaboration Group for Urinary Stones

Øyvind Ulvik, Line Vigrestad, Dan Helgø, Stein Øverby, Kristian Stritesky Larssen, Pertti Nurminen, Jóhann Páll Ingimarsson, John Åkerlund, Rita Ferrito, Tomas Thiel

Optilume® for panurethral stricture: the good, the bad, and the ridiculous

Lukas Andrius Jelisejevas, Gennadi Tulchiner, Peter Rehder

Sweden's nationwide transition to transperineal prostate biopsy: implications for implementation across Europe

Matthias May, Christian Gilfrich, Uwe-Bernd Liehr, Steffen Lebentrau

Histopathological assessment practices in adult male circumcision and detection of lichen sclerosus: a retrospective single-centre study

Jenny Engman, Wilma Håkansson, Nirina Andersson, Johan Svensson, Elisabet Nylander, Amir Sherif, Maja af Klinteberg

Impact of asymptomatic bacteriuria on the outcomes and tolerability of Bacillus Calmette–Guérin immunotherapy

Antti Nummi, Pertti Nurminen, Olli Kesti, Mikael Högerman, Otto Ettala, Peter J. Boström, Antti Kaipia, Jukka Sairanen, Riikka Järvinen

The Swedish national guidelines on prostate cancer: recurrent, metastatic and castration resistant disease

Johan Stranne, Elin Axen, Ola Bratt, Stefan Carlsson, Jon Kindblom, Kimia Kohestani, Anna Kristiansen, Ingela Franck Lissbrant, Gabriel Moise, Elinor Nemlander, David Robinsson, Christian Torbrand, Elin Trägårdh, Jonas Wallström, Camilla Wennerberg, Camilla Thellenberg Karlsson

Early recurrence after primary TURBT for non-muscle-invasive bladder cancer in Iceland: the critical role of surgical quality

Oddur Björnsson, Guðmundur Geirsson, Árni Stefán Leifsson, Sigfús Þór Nikulásson, Sigurður Guðjónsson

Application of the International Bladder Cancer Group prediction model for recurrence-free survival on a national cohort of primary intermediate risk non-muscle invasive bladder cancer

Denis Mesinovic, Johannes Bobjer, Oskar Hagberg, Firas Aljabery, Truls Gårdmark, Staffan Jahnson, Tomas Jerlström, Henrik Kjölhede, Per-Uno Malmström, Viveka Ströck, Karin Söderkvist, Anders Ullén, Lars Holmberg, Christel Häggström, Fredrik Liedberg

Risk of Achilles tendon rupture following single-dose ciprofloxacin use in transrectal prostate biopsies

Michaela Runnaes, Erik Lampa, Johan Styrke, Karl-Johan Lundström

Complications and clinical outcomes of retroperitoneal lymph node dissection for testicular cancer in a centralized population-based cohort in Sweden: insights from SWENOTECA

Anna Thor, Anna Grenabo Bergdahl, Armin Abniki, Axel Gerdtsson, Ingrid Glimelius, Martin Hellström, Anna K. Jansson, Berglind Johannsdottir, Torgrim Tandstad, Gabriella Cohn-Cedermark, Anders Kjellman, Per-Olof Lundgren

Clinical application of transurethral resection/electrocautery for urethral hemangiomas: two centers retrospective cohort study

Jian-Feng Huang, Rong-Hua Wu, Jin-Chun Qi, Tao Guo, Fan He, Yan-Yang Jin, Liang Liu

Number of risk factors versus infection after transrectal prostate biopsy: a nationwide population-based study

Joakim Örtegren, Olof Elvstam, Kimia Kohestani, Henrik Kjölhede, Johan Styrke, Pär Stattin, Anders Berglund, Ola Bratt

Testicular torsion Point-based Assessment and Imaging tool - identifying Need for Surgical exploration (TPAINS): a clinical algorithm for detecting testicular torsion

Nathalie Dahlgren, Gustav Sundström, Charlotta Nilsson, Magnus Wagenius

Long-term effects of testosterone therapy on prostate volume and LUTS in hypogonadal men: a retrospective study

Peter Ströberg, Ramin Ghaffarpour, Börje Ljungberg, Johan Svensson

Thermal imaging in the diagnosis of acute testicular pain – results of a feasibility pilot study

Lasse Hirvonen, Konrad Sopyllo, Juhani Rantakallio, Ilkka Paaso, Mika Raitanen

Radical cystectomy practice patterns in the Nordic countries: results from the prospective NorCys study

Tiia Venhomaa, Ilkka Nikulainen, Johannes Bobjer, Mats Bläckberg, Lasse Bro, Simone Buchardt Brandt, Otto Ettala, Knud Fabrin, Sigurdur Gudjonsson, Erik Skaaheim Haug, Mikael Högerman, Josephine M. Hyldgaard, Tomas Jerlström, Peter Kirrander, Ilmari Koskinen, Gitte Lam, Markku J. Leskinen, Fredrik Liedberg, Astrid Helene Livbjerg, Heikki Seikkula, Katharina Skovhus, Viveka Ströck, Grazvydas Tuckus, Ville Virta, Marie-Louise Vrang, Jørgen Bjerggaard Jensen, Peter J. Boström

Nationwide population-based longitudinal data on magnetic resonance imaging of the prostate and subsequent prostate biopsy results

Eugenio Ventimiglia, Rolf Gedeborg, Marcus Westerberg, Paolo Zaurito, Fredrik Jäderling, Pär Stattin, Hans Garmo
