

Dr.med.

Disputatser lavet af urologer/kirurger efter stiftelse af Dansk Urologisk Selskab den 11. november 1961 af initiativtager Jens C. Christoffersen med undtagelse af disputats lavet af Jens C. Christoffersen i 1944.

År	Navn	Titel
1944	Jens C. Christoffersen	Transurethral prostataresection
1962	Karsten Müller	Cancer testis. En oversigt med udgangspunkt i opgørelse af et klinisk materiale.
1965	Benni Nerstrøm	Gc-serum-typesystemet og dets anvendelse i retsmedicinen
1968	Anders E. Jacobsen	Prostataepithelkerners relative nucleinsyreindhold. En cytofotometrisk undersøgelse af prostatavæv farvet a. m. Einarson.
1969	Tage Hald	Neurogenic dysfunction of the neurogenic bladder
1974	Hans Wolf	The effect of hormones and tryptophan metabolism in man

1974.	Asser H. Østergaard.	Calculus vesicae hos børn
1977	Cai Frimodt-Møller	Vandladningsforstyrrelser hos patienter med diabetes mellitus.
1979	Peter Mogensen	Strategy in clinical renography
1979	Jørgen Kvist Kristensen	Ultrasonic scanning of the kidney
1980	Jens Christian Djurhuus	Aspects of Renal Pelvic Function
1983	Jørgen Nordling	Influence of the sympathetic nervous system on lower urinary tract in man
1983	Palle Rosenkilde Olsen	De øvre urinvejes, urodynamik og patofysiologiske før og efter nyretransplantation

1984	Steen Elkjær Husted	Activation Mechanisms in the Urinary Bladder
1984	Lars Linnet	Clinical immunology of vasectomy and vasovasostomy
1983	Jens Thorup Andersen	Prostatism: clinical, radiological and urodynamics aspects
1984	Steen Walter	Urinary incontinence and genital descendus,, Clinical and urodynamics findings
1985	Søren Mommsen	Bladder Cancer. Presenting Symptoms, Treatment Delay and Case-Control Epidemiology
1986	Jens Mortensen	Hydrodynamics of the pyeloureter of the pig
1986	Troels Munch Jørgensen	Pathogenetic Factors in Vesicoureteral Reflux.
1988	Hans Colstrup	Closure mechanism of the female urethra
1989	Flemming Jacobsen	Immunresponset ved humane blæretumorer
1989	Klaus Møller-Ernst Jensen	Clinical evaluation of routine urodynamic investigations in prostatism
1991	Jens Peter Nørgaard	Pathophysiology of Nocturnal Enuresis
1992	Steen Sørensen	Urethral Pressure Variations in Healthy and Incontinent Women

1992	Torben Krarup	Udvikling af ovarietumor på mus behandlet med 9:10-dimethyl-1:2 benzanthrancen
1993	Gregers Hermann	Studies of the immunological effects of interleukin-2 with bladder cancer and renal cell carcinoma
1993	Peter Thind	An analysis of urethral viscoelasticity with particular reference to the sphincter function in healthy women
1994	Hans Jørgen Kirkeby	Regulation of penile venous outflow. Experimental studies on endogenous control mechanisms
1995	Niels Chr. Langkilde	Studies on the expression of T-(Gal[beta](1-3)GalNAc[alfa]1-O-R) and T-like antigens in normal and pathologic human and rat urothelium
1995	Jørgen Balslev Jørgensen	Clinical evaluation of voiding symptoms and uroflowmetry in elderly men
1998	Jørgen Frøkiær	Obstructive nephropathy in the pig. Aspects of renal hemodynamics and hormonal changes during acute unilateral ureteral obstruction
2001	Lars Lund	Varicocele Testis. Aspects of aetiology, semen quality and imaging studies
2002	Michael Borre	A Study of Prostate Cancer II: The prognostic role of biological markers in patients subjected to watchful waiting
2003	Jens Sønksen	Infertility of spinal cord injured males
2008	Anni Eskild-Jensen	Partial obstruction of the neonatal pig kidney. Functional, structural and pathophysiological aspects
2011	Lars Hening Olsen	The Development of Voiding: Experimental and clinical aspects
2012	Jørgen Bjerggaard	Lymph node dissection in bladder zancer.

2021	Lars Boesen	Pre-biopsy prostate MRI in detection and ruling out significant prostate cancer
2024	Jakob Kristian Jakobsen	Penile cancer in Denmark II
